

## Commit Five Details

Written by James Prestage for Jack Kelke

### Updates:

- Created an interface.py file which is a combination of both strava.py and weather.py which can be used (most likely by a grader) to test the functions in both files using a visually appealing interface.

## SI 206 - XC Timekeepers

# How weather conditions affect distance & moving time

Join our interactive study!

Total Registered Athletes: 1

1. Authorize Strava

2. Fetch Activities

3. Process Weather

4. View Weather Graph
